Partial Dentures

Acrylic Partial Denture

includes base-plate with wax rim bite, designing of case, setting up of standard teeth for try-in, two custom shaped wrought wire clasps, processed with *Keystone* Heat-Cured Diamond D Hi-Impact Acrylic, finishing & polishing

\$210

Flexible Partial Denture

includes base-plate with wax rim bite, designing of case, setting up of standard teeth for try-in, injection flask processing with TCS iFlex material, finishing & polishing

(1 tooth boomer) \$150

(1-2 teeth) \$180

(3-5 teeth) \$230

(6+ teeth) \$260

Cobalt-Chromium(Co Cr) Partial Denture

includes base-plate with wax rim bite, designing of case, casting, finishing/polishing of cast Co Cr framework, setting up of standard teeth for try-in, injection flask processing with *Keystone* Heat-Cured Diamond D Hi-Impact Acrylic, finishing & polishing

\$290

Combination Co Cr & Flexible Partial Denture

includes base-plate with wax rim bite, designing of case, setting up of teeth for try-in on a no clasp Co Cr framework because injection flask processed with TCS iFlex material utilized for aesthetic clasps, finishing & polishing

\$310

REMOVABLE **PROSThetics** for **Dentistry** Laboratory

Relines, Repairs, & NightGuards

Acrylic Temporary Partial (T-Plate/Flipper)

includes designing of case, setting up of one tooth, processed, finishing & polishing

\$90

Each additional tooth = \$11

Denture Hard Reline

processed with *Keystone* Heat-Cured Diamond D Hi-Impact Acrylic, finishing & polishing

\$120

Denture Soft Reline

processed with *GC Super-Soft denture liner*, finishing & polishing and pickups & deliveries

\$180

Basic Repair on an existing appliance (fix a crack or add one tooth or reset a tooth)

\$90

Each additional tooth = \$11

Each wrought wire clasp = \$18

Addition of strengthener = \$35

Custom Clear Retainer

\$89

Heat-Cured Clear Acrylic NightGuard

\$99

Astron CLEARsplint Heat-Cured NightGuard

\$110

Milled NightGuard w/ Astron CLEARsplint or TCS Karadent

\$130

Fabrication Time In Laboratory

Base-plate with Wax Bite Rim = 3 Days in lab

Setup of case – Partial or Denture = 5 Days in lab

Processing/Finalization of case – Partial or Denture = 5 Days in lab

Cast Partial Framework = 7 Days in lab

Repair, Reline/Rebase or Mouthguards = 2 Days in lab

Dental offices that are within the 20 mile radius of lab

pickups and deliveries are included in price.

Outside 20 mile radius shipping cost will occur.

Digital Models

Digital Model Work Upper & Lower \$40
Model Work with Implants Upper & Lower \$100

Full Crown

(includes: model work, scan, design, milling, sintering & stain/glaze)
per unit \$70

IPS E.MAX Full Crown

(includes: model work, scan, design, milling, sintering & stain/glaze)
per unit \$130

Implant Crown

(includes: model work, scan, design, milling, sintering & stain/glaze)
per unit \$110
with Ti-Base & Cementation \$180

Custom Abutment & Implant Crown

(includes: model work, scan, design, milling, sintering & stain/glaze)
per unit \$270

Implant Supported Full Arch

Design Case

All-on-X digital design per arch \$200

Conversion Denture

Immediate Heat Cured Acrylic Denture for Conversion - \$300

3D Printed Arch

3D Printed direct to MUA includes design - \$500
3D Printed with Ti-Base(4) includes design - \$800

PMMA Milled Arch

PMMA milled arch direct connect to MUA includes design - \$950
PMMA milled arch with Ti-Base(4) includes design - \$1250

Full Zirconia Milled Arch

Full Zirconia Milled Arch direct to MUA includes design - \$2200
Full Zirconia Milled Arch with Ti-Base(4) includes design - \$2600

Implant Bar

(includes: scan, design & mill)
Implant Bar - \$800
